

WhatsApp Integration

The screenshot displays the TargetRecruit web application interface. At the top, there is a navigation bar with the TargetRecruit logo and various menu items like Home, Accounts, Contacts, Jobs, Candidates Search, Job Applicants, Interviews, Placements, Hotbooks, Reports, and More. A search bar is also present. The main content area shows a contact record for 'Mr. Darryl Knopf', a Systems Analyst at Mountview Partners. The contact information is detailed, including phone and email addresses, and the contact owner is identified as William Baker. A 'WhatsApp Console' is integrated into the 'Details' tab, showing a chat history with messages such as 'Thank you for reaching out to me...' and 'Great, does 3pm work for you?'. Below the chat, there is a 'Show Resume' button and a resume preview for Darryl Knopf, including his address and phone number.

WhatsApp Messaging brings a fast and easy way for recruiters and candidates to communicate. Recruiters have a component directly within the TargetRecruit contact record to quickly reach out to the candidate as well as a consolidated Inbox view showing all WhatsApp conversations in one place, enabling easy management and organization.

All WhatsApp conversations will be captured in a consolidated view, serving as a central messaging hub within TargetRecruit and a speedy way to keep up with all your Candidates.
